

COOKIE POLICY

Last updated 2019-05-12

In the following, you can read about how aroundIT AB handles cookies and similar technologies.

Cookies and similar techniques

We use cookies and similar technologies on our website and in our web services. Here we explain how we use cookies and what choices you can make regarding our cookies. If you only visit our website www.aroundit.com, we process data such as browser settings and platform as well as user-generated data, such as click and visit history.

What are cookies?

Cookies are small text files consisting of letters and numbers. Cookies are normally used to improve the website for the user, for example to be able to adapt a website to the visitor's wishes and choices. These text files are sent from aroundIT or our partners' web servers and saved on your computer as shown below.

There are different types of cookies:

- Session cookies are a temporary cookie that expires when you close your browser or device.
- Permanent cookies are cookies that remain on your computer until you delete them or they expire or are deleted.
- First-party cookies are cookies set by the website you visit.
- Third-party cookies are cookies set by a third-party site. Cookies that are used, for example, to collect information for advertising and tailored content as well as for web statistics can be so-called third-party cookies.
- Web beacons are small transparent graphic images that can be found in emails we send to you.
- Similar technologies are technologies that store information in your browser or in your device in a way similar to cookies.

Read more about cookies <https://pts.se/sv/privat/internet/integritet/kakor-cookies/>.

Why do we use cookies?

The cookies we use normally improve the web-based services we offer. Some of our services need cookies to work properly, while others improve the services for you. We use cookies and similar technologies for overall analytical information regarding your use of our services and to save functional settings such as language and other information. We also use cookies to be able to direct relevant marketing to you.

We mainly use the following cookies:

Necessary cookies

These cookies do not identify you as an individual. These cookies guarantee functions, which are necessary for you to be able to use the website and which, among other things, ensure that the various functions on the website that you want to use are displayed in a version that has broadband-related data quantity that corresponds to the internet connection you use. In addition, such cookies can ensure that, if you change pages, change from http to https. In addition, this type of cookie stores your decision regarding the use of cookies on our website.

Google Analytics

These cookies are used to collect information about how visitors use our website.

Data is collected anonymously and reports are compiled on the number of visitors, time on the page and which pages have been visited. For more information about Google's privacy policies, visit <https://policies.google.com/privacy?hl=en>.
